Only Once?
Excerpt from an interview with a visitor to town, printed in an exchange: "The velocity of time and the friction of years will never erase the pleasure of this visit. The many pleasant rides and kisses from my once sweet girl friends will ever linger with me."

Blood Oranges in Demand.
Sidon oval blood oranges from Palestine are the most prized in the world, according to a firm of fruit brokers in Liverpool, which is now importing nearly a million boxes of oranges from that country.

There Under Compulsion.
"You ought to be ashamed to spend the best part of your life in jail," said the kind old lady to the prisoner. "Madam," replied the convict, "don't blame me for it. I assure you that I am here against my will."

It is one thing to make soda crackers that are occasionally good.

It is quite another thing to make them so that they are always better than all other soda crackers, always of unvarying goodness.

The name "Uneeda"—stamped on every biscuit—means that if a million packages of Uneeda Biscuit were placed before you, you could choose any one of them, confident that every soda cracker in that package would be as good as the best Uneeda Biscuit ever baked. Five cents.

NATIONAL BISCUIT COMPANY

Poor Provider.

An old negro in Texas was asked if he was going to register. He wished to know how he would have to proceed. On being told that he had to swear to support the constitution, his eyes widened, and, drawing a long breath, he said he couldn't do it, because he couldn't support himself.

Unpleasant Task Laid on Him.

The farmer's son came home looking as if he had been through a tornado. His father inquired the cause. The son replied: "It's that darn correspondence school again. I got a letter from the sophomores telling me to haze myself."

Look Forward.

Who can see the brilliancy of character attained by individuals of our race without feeling that there is a pledge in this that what has been done already in the individual will yet be accompanied in the nation and the race?—F. W. Robertson.

IF CHILD IS CROSS, FEVERISH AND SICK

Look, Mother! If To'gue is Coated Give "California Syrup of Figs."

Children love this "fruit laxative" and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system is full of cold, has sore throat, stomach-ache or diarrhea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is harmless; children love it, and never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages, and for grown-ups plainly printed on the bottle. Get the genuine, made by the "California Fig Syrup Company." Refuse any other kind with contempt.

Philippine Subterranean River.

A subterranean river in the island of Palawan, one of the Philippines, has been explored and surveyed by two officers of the United States coast and geodetic survey, and is described in a report of that service. The river is navigable for a small boat for about two and a half miles from its mouth, the tunnel through which it passes widening in places into large chambers containing beautiful stalactites.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time "Pape's Diapiesin!" In Five Minutes All Stomach Misery Is Gone

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just what makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas, and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapiesin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest, and most harmless stomach doctor in the world. (adv)

MRS. CATT HOME FOR FIGHT

Head of International Suffrage Body Returns From England to Begin New York Campaign.

New York.—Mrs. Carrie Chapman Catt, president of the International Woman Suffrage association, is here from Europe to begin the fall campaign for suffrage in New York.

Mrs. Catt, who is chairman of the campaign committee for the seven New York societies, will begin at once to train suffrage orators.

Miss Mary Garrett Hay, chairman of the Woman Suffrage association, returned with Mrs. Catt to undertake work in the 63 assembly districts in Greater New York. She will tackle the designation committees, of the va-

rious political parties which are to be held this week, requesting permission for suffrage orators to address each meeting for five minutes. These meetings are held to designate the candidates for the assembly, who will be voted upon at the primaries. The suffragists hope that only candidates who espouse their cause will be nominated.

The fact that the bill for the woman suffrage referendum has been endorsed by all three political parties and has once passed the legislature, is regarded as assurance that the measure will pass when it comes up again in 1915, but the leaders propose to take no chances on a reversal.

DEAF GIRL IS A GARDENER

At 15 Elizabeth Kenealy Amazes Teachers in California School by Wonderful Work.

Los Angeles, Cal.—Twenty-seven deaf and dumb girls and boys, ranging from ten to seventeen, are being taught to speak, read, write stories, sew, make biscuits, solve arithmetic problems, spell and garden at the sixteenth street school here, where an exhibition of their work was held recently. Miss Elizabeth Kenealy, fifteen, is creating a sensation at the school because of her wonderful success in raising flowers and vegetables. In a middy blouse and dark skirt, Miss Elizabeth works in her gardens, one at home and the other at school, producing daisies three times the size of the ordinary flowers, and beets that make the average vegetable look like radishes in size. Elizabeth is striving hard to master the sounds of the English language and is making unusual progress, but she finds the language of the flowers much more simple and expressive. She is planning to make a specialty of flowers, making horticulture her life vocation.

Arranging for the Future.

The little girl objected, quite naturally, to wearing her older sister's outgrown clothes. One day, in protesting while being dressed with such a garment, she exclaimed: "It's real mean, and when I get married, I'm going to have my youngest child first, so that she won't have to wear her sister's old clothes."—Saturday Evening Post.

Tongue-Twister.

Try this on your vocal organ. Say it over several times, and say it fast: "A rat ran over the roof with a lump of raw liver in his mouth."

CRAB IS 20 INCHES AROUND

Blackberries on John D. Rockefeller Estate Are Plentiful—Open to the Public.

Tarrytown, N. Y.—The harvest of crabs and blackberries this year beats all records. Thousands of crabs are being caught in the Hudson daily. One man caught 150 in about two hours.

The record crab caught was twenty inches in circumference. The honor of eating it fell to David Leahy, the village blacksmith.

Blackberries are so plentiful that half the boys of the village are picking them. The favorite and best field is on John D. Rockefeller's estate. Four men in a few hours picked thirty-six quarts. Mr. Rockefeller has not interfered with the picking and it is estimated that two and three hundred quarts are picked from his bushes daily.

TO WEAR RING IN HER NOSE

Parisian Dancer Hopes to Set New Fashion in New York the Coming Season.

Paris.—Mlle. Pollaire's return trip to the United States is set for the fall. As a preliminary thereto, photographs are being published showing the dancer wearing a small gold ring affixed to her nose, which is not pierced. One shows the ring attached to the division between the nostrils and hanging on the upper lip. Another shows it fastened to the side of one nostril. She is confident that just as her use of yellow face powder made fashionable women of New York refuse any other kind, she has only to appear with a nasal ring to set that fashion.

Suffragettes Want Pockets.

New York.—Among the things that the suffragettes, headed by Harriet Stanton Blatch, want, are pockets in their skirts and a place at fairs where women can check their babies. Mrs. Blatch visited a number of fairs throughout the state and declares it a crying shame that at not one of them did she find a place where mothers could leave their babies while they rambled around the grounds.

Swedish Bridal Superstitions.

In Sweden the bridegroom has a great fear of trolls and sprites, and as an antidote against their power he sews into his clothes various strong-smelling herbs, such as garlic and rosemary. It is customary to fill the bride's pocket with bread, which she gives to the poor she meets on the way to the church, and so averts misfortune with the alms she bestows. On their return from church the bride and bridegroom visit their cow houses and farms that the cattle may thrive and multiply.

Photographer's Paste.

A paste which will prove permanent is made of ten parts of arrowroot, one hundred parts of water, one part gelatin, ten parts alcohol. Soak the gelatin in the water, add the arrowroot, having been previously mixed with a small quantity of water, and boil four or five minutes. When cool, add the alcohol and a few drops of carbolic acid or oil of cloves.

The "Alleged Gentleman."

This quaint notice was recently posted in a Cardiff club. "If the alleged gentleman who took three brushes from Mr. —'s color box imagines they will paint poultry without the assistance of the master hand he is gravely mistaken and therefore may as well return them to their rightful owner."—Pall Mall Gazette.
